GAP FILL

Daredevil nonstop solo flight (Tue 1 Mar)

BNE: Daredevil Steve Fossett's attempt _____ today to become the first person to fly solo around the world in a single engine airplane without refueling has been delayed by wind. The 60-year old millionaire was due to depart after breakfast from Salina Airport in Kansas. He was to embark on a dangerous _____ to circle the globe at an altitude of 16,000 metres, almost _____ as high as an average commercial airliner. His Global Flyer airplane is sponsored by that other thrill seeker, Sir Richard Branson of Virgin Atlantic. There are many _____ involved with Fossett's mission, perhaps the biggest being the possibility of his jet fuel freezing at such _____ temperatures. Another may be _____ – he has to stay awake and make life-or-death decisions for 66 hours on the 37,000-kilometre journey. He has been helped in his quest by China and Libya opening their _____ space to allow him to fly the most direct, and least fuel-consuming route. He is no stranger to danger or world-beating achievements. He has a _____ for breaking aviation records, most famously his nonstop circling of the globe in a hot air balloon in 2002.

dangers earlier low fatigue mission passion twice air

FULL TEXT

Daredevil nonstop solo flight (Tue 1 Mar)

BNE: Daredevil Steve Fossett's attempt **earlier** today to become the first person to fly solo around the world in a single engine airplane without refueling has been delayed by wind. The 60-year old millionaire was due to depart after breakfast from Salina Airport in Kansas. He was to embark on a dangerous **mission** to circle the globe at an altitude of 16,000 metres, almost **twice** as high as an average commercial airliner. His Global Flyer airplane is sponsored by that other thrill seeker, Sir Richard Branson of Virgin Atlantic. There are many **dangers** involved with Fossett's mission, perhaps the biggest being the possibility of his jet fuel freezing at such **low** temperatures. Another may be **fatigue** – he has to stay awake and make life-or-death decisions for 66 hours on the 37,000-kilometre journey. He has been helped in his quest by China and Libya opening their **air** space to allow him to fly the most direct, and least fuel-consuming route. He is no stranger to danger or world-beating achievements. He has a **passion** for breaking aviation records, most famously his nonstop circling of the globe in a hot air balloon in 2002.
